

Traffic Flow from the I-Center to the Manwaring Center

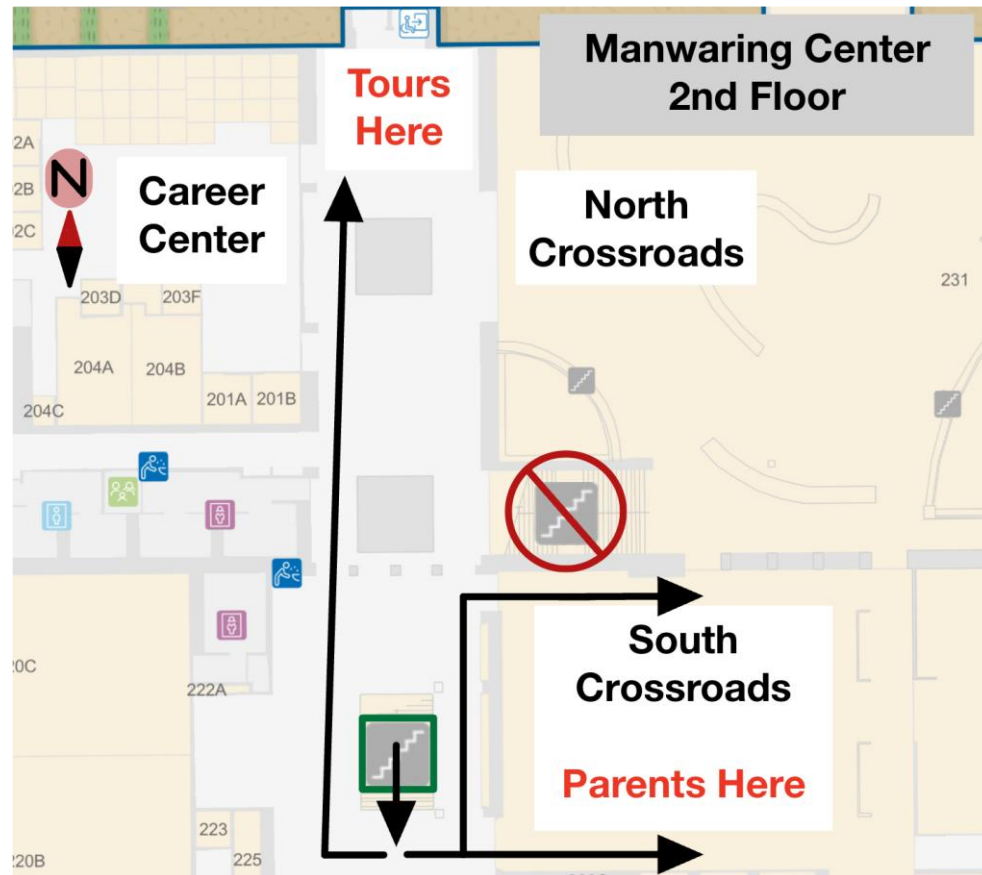

The following images depict how students should be led from the I-center courts to the Manwaring center where both parents and Walk Your Schedule Tours will be held. If students do not have/want a tour or did not have Parents that attended Parent and Family Orientation, they can be dismissed when your group number is called.

After mentor connections, please wait for your group number to be called before following the traffic flow pattern.
