How To Give A Tour

As a tour guide you are a **representative** of BYU-Idaho!

Our Goal: Create a strong first impression by helping students get to know the campus, connect with key resources and feel the spirit.

The Tour

1. Find their classrooms

- Look at their schedule
- Figure out what buildings they are in
- Walk them to each classroom

2. Teach them campus resources

- Tell them about available resources
- Show them where some of them are located (if time allows)

3. Help them feel the spirit

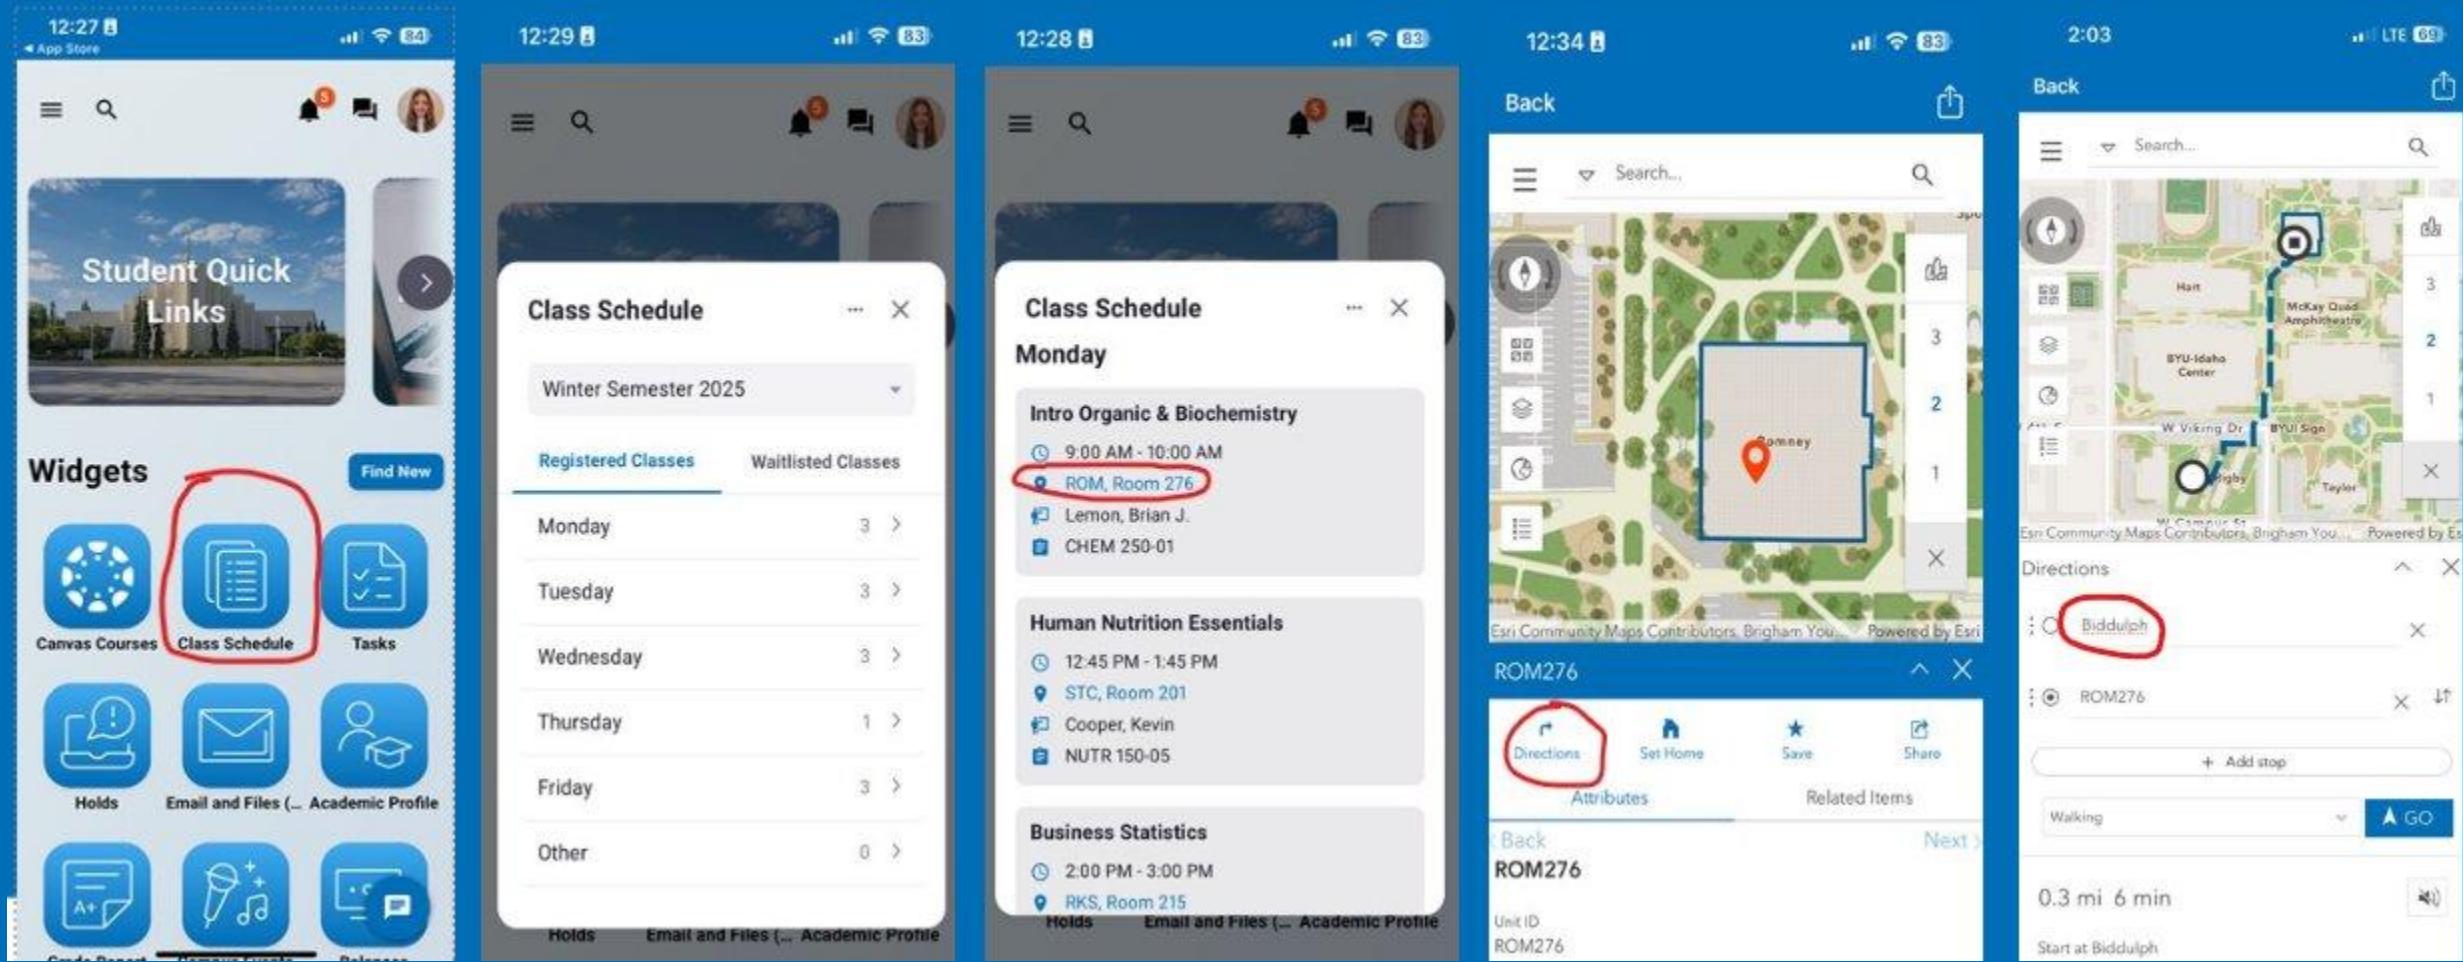

4. Share your personal experiences about being at BYU-Idaho

"This is a special college – there's not another one like it. The people you meet and the Spirit you feel here will be one of your greatest treasures."

- President Steven D. Bennion

Teach them how to use the myBYUI app, find their Class Schedule, Class Location & how to Navigate Campus

Stage

The Game Show

- Keeping the students engaged and excited about the gameshow is really important!
- Encourage students to participate in the challenges, no mentors should be participating in the challenges. Cheer for your mentees!
- The mentor groups will be split into different sections. One of the “Hot Seat students” will represent each section. Encourage the students to cheer for the “Hot Seat Student” representing their section!
